

The Agency, LLC Insurance Specialists Offers Access To Workers' Compensation Insurance

Sparks, MD: The Agency, LLC Insurance Specialists, the MGA for Indemnity Insurance Corporation of DC (IICDC), provides access to Workers' Compensation Insurance for bars, restaurants, and nightclubs. Appointed brokers may place Workers' Compensation risks with unaffiliated A rated admitted carriers. The Agency believes brokers will find rates for such coverage to be extremely competitive.

In an extensive broker research study conducted in late 2009 on behalf of IICDC to identify potential areas of program enhancement, Workers' Compensation Insurance was one of the most frequently cited product needs. The Agency is now providing Workers' Compensation quotes on submitted business from eight states: Connecticut, Delaware, Florida, Maryland, New Jersey, New York, Pennsylvania, and Virginia; and plans to extend the program to California, Nevada, Oklahoma, Texas, and Washington, D.C. later in the third quarter. Acord Workers' Compensation applications and appropriate loss history are required for submission; complete submissions should be emailed to **workcomp@iicdc.com**.
